Forecast For Wales
Issued by Met Office Exeter
at 1600 on Thursday 11 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloud increasing from the west, rather breezy.

This Evening and Tonight:
Skies may briefly become clearer for a time this evening, but cloud increasing from the west overnight with a freshening breeze and showery rain arriving later. Remaining mild throughout. Minimum temperature 7 deg C (45 deg F).

Friday:
Windy with a chance of coastal gales in the west at first. Showers are likely at times, heaviest in the west. Isolated bright or sunny spells are also possible. Maximum temperature 13 deg C (55 deg F).

Outlook for Saturday to Monday:
Largely dry and cloudy over the weekend, with some sunshine at times and remaining fairly mild. Mostly dry and cloud on Monday after a foggy start for some.
